The Trade of Two Kouthern Cities.

The New Orleans Picayane and the Charleston News of the 1st of September print many columns of statistics showing the condition of trade in those cities during the last year. At New Orleans the cotton received this year amounts to 1,689,483 bales, as compared with 1,889,774 bales last year. The Louisiana sugar crop has been injured by storms, and amounts to 149,469,000 pounds as compared with 194,964,000 pounds in 1876-77. Owing to a decline in price the value of this year's crop is only \$9,007,000 as compared with \$15,646,000 pounds are compared with \$15,646,

of Charleston for the last year at \$44,036,-832. The receipts of cotton have been 429,-292 bales, as compared with 445,677 bales The South Carolina rice crop ows a falling off of 3,357 tierces. The trade in phosphate rock, which has beome very important, amounted to 190,-978 tons, an increase of about 6,300 tons. Notwithstanding the falling off in some

articles, both of the journals quoted take a prosperous view of the future, and say that their cities and States are in a condition to assist in the general revival of vote at all. prosperity throughout the country.

BROOKE COUNTY NEWS. The session of Bethany College for 1878-

The Wheeling Baptist Association will be held in the Ebenezer Baptist Church, on Cross Creek, Brooke county, one mile above Sanders' mill, to commence September 20th, at 2 o'clock P. M., and continue

over Sabbath.

The Brooke County Teachers' Institute has been in session the present week, with an attendance of some twenty-five teachers. Great interest has been manifested in the work by the different teachers, the exercises being very animated at times. Democratic primary meetings in Brook

Weinesday was a sad day in Weilsburg three funerals taking place in the after noon. The first being that of the wife of Mr. Joseph McConkey, the second, a daughter of Campbell Miller, and the third, a Mrs. Swartz, of the lower end of lown.

Says the Wellsburg Herald: "If any es the Weisburg Hedda: Hady was necessary to show the growing larity of the public schools here, the and prompt attendance on Monday ing ought to be satisfactory. The swere all full and notwithstanding

the additional, or seventh room just opened, the crowd in the lower departments does not appear to be much dimin-ished thereby."

Iron and Nails.

The Pittsburgh Manufacturer of yester lay says that while there is increased firm is no change in price. Concerning manuactured iron it says:

"Manufacturers have not abated a jot or tittle of their hopefulness concerning the volume of trade this fall. They do not pretend to fix the time exactly when the pretend to fix the time exactly when the improvement is to commence, but that it will come they feel sure, and look for its appearance in from thirty to sixty days. This makes them firmer in regard to prices, although they express the belief that these will not advance yery greatly. **Muls**-Nails sell all the way from \$2.00 to \$2.15, 60 days; according to size of order, &c. Some manufacturers will not sell at \$2.00 except for cash.

The Wheeling Intelligencer.
The Keyser Echo.
The Wheeling Intelligencer came out in a new dress on the 24th ult., and is now one of the finest papers in the State. We are glad to see our cotemporary prospering. There is editorial talent and business tact in the firm running that paper that de-serves success. Few editors are Mr. Campbell's equal in driving the quill, and besides he has a large share of good com-mon sense and his Judgement is always cautious and safe. By the thinking classes the Intelligencer will always be appreciated.
